

OUR COLLABORATION WITH PRYMAT

The transition to re/cycle
FunctionalBarrier Paper Ultimate

The challenge:

Recyclable spice packaging

- + Transition from multi-layer packaging to recyclable materials
- + High-barrier requirement
- + Preservation of spice quality, aroma, and freshness is key

The solution: re/cycle FunctionalBarrier Paper Ultimate

- + Ultra-high barrier: oxygen, water vapour, grease
- + Designed for recycling
- + Runs seamlessly on existing FFS packaging lines

“

Thanks to our collaboration with Mondi, we were able to develop a **solution** that aligns our **sustainability** ambitions with the **highest** standards of **product quality**.
